

**There is currently a moratorium on accepting/processing most new Special Recreation Permits (SRPs)**

**at the Monticello Field Office**

The following are exceptions to the moratorium:

1. *Private use permits on Cedar Mesa will continue to be issued*
2. *Applications for one-time-use permits on Cedar Mesa and in Dark Canyon for organized, non-commercial groups will be considered. Limiting criteria will be applied in determining if such prospective applications proceed to issuance of a permit.*

**All Requirements for obtaining Special Recreation Permits in the Monticello Field Office apply.**

**The duration of this moratorium is not established. Updates will be posted at this webpage.**

**We regret the inconvenience this may cause prospective permit holders.**
